**RE: *Fourth Production of Columbia Falls Aluminum Company in Response to
 9/3/2014 EPA 104(e) Information Request***

Dear Mr. Wilder:

I am sending today via Federal Express to your attention a DVD of electronic documents believed to be responsive to the September 3, 2014 EPA 104(e) request to Columbia Falls Aluminum Company. As previously indicated, CFAC committed in good faith to continue its search and is producing these documents potentially responsive to EPA's broad requests. In addition to the documents copied for you, CFAC is making available to EPA for inspection at a mutually agreeable time the nonprivileged environmental files stored at CFAC. These files generally consist of: (1) the originals that were copied and produced; (2) old oversized maps which would be expensive to copy; (3) historical air data and air permit information; and, (4) miscellaneous copies of old correspondence. For all documents provided in response to the 104(e) Information Request, CFAC claims confidentiality under 42 U.S.C. 9604(e)(7)(E) and (F) and 42 U.S.C. 6927(b), and 40 C.F.R. 2.203(b). Disclosure of submitted documents will be considered a violation of law.

Some of the documents being produced may be responsive to more than one Paragraph of the Request for Information; in that case, the documents are being produced in response to the Paragraph we consider them most applicable. The number following "CFAC" in the control numbering system reflects the Paragraph of the Information Request to which the document is believed to be responsive and pursuant to which the document is being produced; and the number following the colon indicates the production number of the documents within a particular Paragraph.

1465648/169.329

The documents labeled CONFIDENTIAL 104(e) CFAC 7: 017216 – 023762 are believed to be responsive to Paragraph 7 of the Request for Information.

The documents labeled CONFIDENTIAL 104(e) CFAC 8: 010730 – 010742 are believed to be responsive to Paragraph 8 of the Request for Information.

The documents labeled CONFIDENTIAL 104(e) CFAC 9:000433 – 000771 are believed to be responsive to Paragraph 9 of the Request for Information.

A privilege log is also enclosed. CFAC reserves the right to supplement their privilege log as production is ongoing.

If you have questions, please do not hesitate to contact me, Steve Wright at (406) 892-8211 or Andrew Otis, Esq. at (212) 696-6907.

Sincerely,
